Advance-Nilfisk Parts - Imagine how tedious it will really be to tidy up your own house after having a big party, with out aid from cleaning machines. Before, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Founding the company in the year 1906, he started to make motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's dream from the beginning was to have a global business selling products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that could be operated by one person because it just weighed 17.5 kilos! This creation came in a time where many cleaning equipment were very big and needed 4 or more operators, thus, the Nilfisk C1 changed everything and developed the method we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an ongoing dilemma; things get filthy and need to be cleaned on a regular basis, without a lot of effort.

Gradually, the business Nilfisk-Advance grew throughout the years. In the the early part of the 1980's the business expanded fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, aspiring to be an active worldwide player in manufacturing professional cleaning equipment. Nilfisk-Advance is presently represented in every part of the world by gradually obtaining a lot of smaller companies to be able to grow their product portfolio and presence in new markets. They are proud to present various cleaning solutions to suit every need.
