

## TCM Forklift Parts

TCM Forklift Parts - In the global industry of material handling, forklifts play an important part for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the business is simply known as TCM Corporation. Over the years, TCM forklifts have become a global leader in lift truck manufacturing and have built a solid reputation in the trade. TCM started constructing forklift manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated expertise and technology, TCM has been proudly making several models of industrial lift trucks, making their models recognizable all around the world. With a strong and energetic employees, TCM has been able to continually work towards becoming a future leading material handling business.
