

Electrical Parts for Forklifts

Electrical Part for Forklifts - Forklifts together with other forklifts can have specific labels for use in some hazardous locations. The mark indicates that this specific model of forklift meets the minimum standards of ANSI/UL 553 used for electric lift trucks or ANSI/UL 558 for internal combustion engine lift trucks.

Applications for marked lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for additional info regarding the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined criteria, the following labels could be attached. A labeled truck would have the model designation put on the lift truck nameplate and will have one of the following labels placed.
